Note: Some games in the **Atari Greatest Hits** app use Landscape View as their default. If you want to change it to Portrait View:

1. Within the app, tap the desired game to select it.
2. Tap "Settings."
3. If there is an "Orientation" setting, tap it, then tap the arrow until "Portrait" appears. (The setting may alternately available as "Controls." In this case, tap the arrow until "Arcade" appears.)
